In June 1988, ExecuCar was launched in Phoenix, Arizona. ExecuCar was founded to give customers a private, luxurious way to travel. More comfortable than a taxicab and more cost-effective than a limousine, our over 350 sedans now operate in 15 metropolitan areas across the United States serving 24 airports. ExecuCar is known for its exceptional customer service and its well trained, experienced and courteous drivers. Our late-model vehicles and efficient reservations and dispatching technology make every trip a superior experience for our customers. In Austin, our driver's have TSA clearance to enter the terminal and meet their passengers directly at the gate for truly VIP service from the moment they land.
